**Conclusion:**www.ardaghgroup.com

As our bottles are not produced with materials, which might have a TSE/BSE risk, our bottles are not affected by current Ph.Eur. resp. EMEA-guideline EMEA/410/01 rev.3 (former: CPMP/BWP/1230/98) "Note for Guidance on Minimizing the Risk of Transmitting Animal Spongiform Encephalopathy Agents via Human and Veterinary Medicinal Products".

Furthermore, we hereby assert and confirm, that glass containers delivered by us are compliant with the specifications concerning heavy metals required by the Directive and Regulation as following:

European Packaging Directive 94/62/EU, article 11, dated 20/12/1994 in conjunction with the EC decision 2001/171/EU dated 19/02/2001 and 2006/340/EU dated 08/05/2006

German Packaging Regulation dated 21/08/1998, last amended by Article 1, of the law from 17th of July 2014 (BGBl. I p. 1061)
